October 06, 2021

Dear DMS Families,

I hope everyone is staying healthy in both mind and spirit! As a reminder, we will be holding our Fall conferences next **Wednesday, October 13th, 2021 and Thursday, October 14th. We offer three different formats of conferences to try and meet the needs of all of our families.**

Parents/Guardians, you will be able to select either a virtual Zoom conference, a telephone call or meet F2F with your student's teacher. Please check out the dates and times below to see when each type of format is offered. If you are selecting a virtual Zoom meeting, please make sure you have the unique teacher Zoom link and the password, "dms", all lowercase. You will receive a confirmation email after you sign up. Each P/T Conference will last a maximum of 8 minutes in length and we are asking parents to sign up for conference time slots using this unique link here, <https://www.myconferencetime.com/dms>. The virtual/phone call conference choices close at midnight the night before each day. If this format is new to you, before you go to the website, watch this very quick 4 min video I made on how to set up your conference time [MyConferenceTime Tutorial](#) .

Even though we have dedicated 11 hours to FALL P/T Conferences, time slots are limited. Therefore, you are off the hook. If you are already in communication with some of your student's teachers, there's no need to do double duty. If you were unaware, all of our teachers decided to send weekly or biweekly progress reports on Mondays or Fridays. Please call our school if you think we have the wrong email address on file. If you have concerns or further questions for a teacher, certainly, sign up for a conference. If you cannot attend our parent teacher conferences, you may contact your student's teacher via their email at any time.

Wednesday, October 13th, 4:00pm-7:30pm (Zoom or Phone Call Only)-Must Sign up in advance using <https://www.myconferencetime.com/dms>

Thursday, October 14th, 10:00am-2:00pm (Zoom or Phone Call Only) -Must Sign up in advance using <https://www.myconferencetime.com/dms>
