Communication Plan for Intersession Activities

Last month we presented the themes for the intersessions that will take place during the 2016-17 school year in October, February and May. Now comes the fun part as we prepare to share with students and families the details of programming and specific classes/activities that will be offered at each intersession.

Brochures are currently being developed for each of the four levels (preschool, elementary, middle grades 5-8 and secondary grades 9-12) by Davison Community Enrichment and Recreation staff. These will be available in March and will be posted on our website, emailed to parents and shared at Kindergarten and Preschool registrations, in school buildings and through district social media sites. Flyers and information will also be sent home with report cards in June, back to school registration packets in August and available at school building open houses and the Back to School Blast.

DTV is also producing a Balanced Calendar/Intersession infomercial that viewers will be able to begin watching in late March. The show will include information about intersession programming as well as provide answers to frequently asked questions about the Balanced Calendar and its implementation.

Registration forms are also being developed. An early registration period will be held in May so families can reserve their spot(s) for intersessions. The deadline to register for intersessions will be September 23.

Hill Elementary hosts “Snow Much Fun” intersession

Hill Elementary students just experienced Intersession II last week.

The theme was “Snow Much Fun!” and students had the opportunity to enjoy what Michigan winters have to offer.

For-Mar Nature Preserve visited Hill Elementary where students experienced snowshoe lessons and a nature hike. Students also made reading igloos, planted vegetable terrariums for spring and learned about animal habitats in the winter.

District Calendar for 2016-17
