

3 Branches of Michigan Government Song

Sing to the tune "Farmer and the Dell"

The government has 3 branches.
The government has 3 branches.
They are all important and **share** the power.
The government has 3 branches.

The **Legislative Branch**
is Senate and Representatives.
They make the laws so we stay safe.
The government has 3 branches.

The **Executive Branch**
is the Governor.
He vetoes and approves the laws.
The government has 3 branches.

The **Judicial Branch**
is the Supreme Court.
They interpret laws so that they're fair.
The government has 3 branches.
